4 -includes shipping, collecting (stock transfer/sales, packing and receiving to Customer or other company under the authority or with the consent of Customer).

PRICING OF CONSUMABLE AND EXPANDABLE MATERIALS REQUIRED FOR NON ROUTINE WORK ACCOMPLISHMENT.

Price for consumable & expandable materials included in S7 Technics Catalogue is determined using CLP List published on <https://www.s7technics.ru/> in website section «Logistic support and logistics».

Price for consumable & expandable materials excluded at S7 Technics Catalogue is determined by following basis:

-- If consumable and expandable materials required for non-routine work accomplishment are in stock:

Service description	Unit	Single P/N markup (line of order) ¹
Issue of consumable and expandable materials from own Provider warehouses	% of warehouse average price	15%, minimum limit 45 USD, maximum limit 1 000 USD ²

- If consumable and expandable materials required for non-routine work accomplishment are out of stock:

Service description	Unit	Single P/N markup (line of order) ¹	Shipment cost	Preparing of Customs Freight declaration
Delivery of consumable and expandable material in case of AOG	% of warehouse average price	15%, minimum limit 60 USD ¹	1200 USD per 1 AWB ^{4,6}	290 USD Per 1 AWB ⁵

Notes:

1 - Line of order means each line in the order where the 1 P/N is reflected within one Task-Card.

2 – will be available for positions with purchase cost up to 10 000 USD. All consumables with purchase cost upwards 10 000 USD will be discussed by Parties additionally.

3 - Mark-up includes all the costs incurred (such as AWB, customs clearance, customs duties, storage);

4 - Price of AWB is defined per standard shipment of good with dimensional weight till 20 kg. AOG fee/handling will be charged separately using MAF (Material Approval Form). If dimensional weight of good is above 20 kg or in case of dangerous freight, all delivery will be agreed by Parties additionally and cost will be issued in accordance with following scheme:

Service description	Unit	Service Fee / Rate
Shipment cost	% of invoice	15%
Preparing of Customs Freight declaration	Per 1 AWB	290 USD

5 – Customs fee should be paid by Customer additionally (if any). AOG fee/handling will be charged separately using MAF (Material Approval Form).

6 - Delivery cost indicated in the above table is applied to materials, which delivery cost was not agreed upon. Parties can negotiate another cost for all deliveries (including transportation of consumables & expendables with cost lower than cost level agreed by Parties) and fix new cost in MAF. The cost indicated in MAF is final (including all attachments to MAF).
